inhale?

Three little words that "upset the apple cart" in the cigarette trade

Do you inhale? Can any question be simpler? And yet—what a furore it has created! The cigarette trade feels that the public has been let in on a sacrosance secret! "You've upset the apple cart," they say.

Why such anxiety? Certainly the public doesn't feat the question-for everybody inhales - knowingly or unknowingly ... every smoker breathes in some part of the smoke he or she draws out of a cigarette

Do you inhale? Lucky Strike bus dared to raise this vital question . . . because

certain impurities concealed in even the finest, mildest tobacco leaves are removed by Luckies' famous purifying process. Luckies created that process Only Luckies

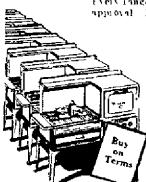

Remember -- more than 20,000 physicians, after Luckies had been furnished them for tests, busing their opinions on their tmoking experience, stated that Luckies are less it ritating to the throat than other organities?

Miss Mary Penser of 200 St.
James attent emitained misot brusten and cule when she was attented and thrown to the street by a truck belonging to the Midwest Coal Co. of Clevitand on South Main attest yesterday.

K. E. Myers, diver of the truck, reported the medident to police. He said he was going aught on Main and when about 50 feet north of Chiumbia street, Miss Penser, who had maried to cross Main on Columbia booked up and saw hits coming but instead of attophing as he thought she would do continued fine the street directly in the path of his truck.

Myers said the applied his brakes and slid for a distance of 38 feet on the west applied to force the truck struck Miss Penser. He said he took the injured woman to the office of Dr. F. L. Thomas on South Main street and later to her home on St. James street. Dr. Thomas and said able had teerlyed no broken

ones and her injuties were bruise nd cuts. Myers was not held.

... said my hard-driving buddy as we topped another hill

by FLOYD GIBBONS

Hello everybody. Jimminy gee! Whoof, and a couple of more whoofs, what a ride!

I was just being a reporter, out there in Ohio the other day, when I saw this young bird stop at the red, white and blue Sobio pump and asked him if he had just happened to pick that particular pump by accident or not-and if not, why not.

"Don't be that way," he said. "The only accident about heat-tempered is that it doesn't cost any more than ordinary gas. If you're going my way, climb in. I'll show you what I mean."

I didn't know what I was stepping into, but I stepped in. And next thing I was grabbing my hat. The kid hadn't wrenched anything on that getaway; his performance with gear-shift and clutch was as smooth as any I ever saw. But-wow! Did she start?

The boy said: "You get used to it. You do, unless you're running on the vac and can't make the next Sohio pump and have to fill up with something else. You don't have to be an expert to notice the difference then."

First, second and high. Fast, faster and faster than that. Fleet and neat. Any minute I expected to hear the bangety-bang of a motorcycle and a hard voice saying, "Forget the fire! Pull over!"

A big track loomed ahead of us, just ambling along, going our way.

Another truck was coming. A truck-take my word-twice as big and hard and beave as any I'd

stepped on it. "For Mike's sake!" I said. "You'll never make it!" "Yeah?" the boy said. "Watch."

Right then I'd have been tickled China blue to figure we'd have a fraction of an inch to spare . . . We had several nice, safe yards. The boy grinned at me.

"I wouldn't try that without heat-tempered in the tank," he said. "You get to know what it'll do."

Up hill and down dale. Never a knock on the hills, never a stutter anywhere. We idled in traffic downtown-smoothest crawling in all my automobiling experience, Asia and Africa included.

"Mileage?" i asked.

"You'd call me a list if I told you the truth," the kid said. "Honest," Floyd, you've said some nice things about this gasoline, but you haven't put it near strong enough. This heat-tempered Sohio delivers more miles to the gallon than anything I ever tried—when I was trying everything. I know. Gotta watch the trip figures and gotta watch my nickels, I'm still in school, see? Well, here we are!"

And there you are, Sohioans. After all, I guess you know what you've got in heattempered Sohio. I should

Compare the

Kellogg's Corn Flakes have a crispness and flavor that no other corn flakes equal. There's even a difference in the fresh aroma when you open the packages.

For 25 years Kellogg's have been the standard of quality. When you are offered a substitute, it is seldom in a spirit of service.

Remember, every red-and-green package is sold with the personal guarantee of W. K. Kellogg. "If you don't think Kellogg's the finest corn flakes you ever tasted, return the empty package and we will refund your money."

Always oven-fresh in the inside WANTIILE bag — which is sealed — a patented Kellogg feature. Sold by all grocers. Made by Rellogg in Battle Creek.

MORE POWERwith higher ANTI-KNOCK

This New Gyro-Processed Gasoline Also Gives Extra Mileage, with Improved ALL 'ROUND Performance

Many gasolines today are offering higher anti-knock rating at the expense of power and mileage. Under ordinary refining methods, taese important qualities are often sacrificed to step up auti knock

Not so with New Purol-Pep Gyro Vapor Phase refining has made it possible in produce a gasoline not only with higher autiknock but also with greatly improved all sound performance

Gyro Processed gasoline contains more heat units per gallon than ordinary gasolines. Heat units mean power mileage. That s why Purol Pep provides an extra supply of power-

gives greater mileage, with freedom from knocking New Porol Pep will also put new life in your motor —make it start quicker — pick up faster — perform

more smoothly at all times, under all conditions Next time you buy gasoline, fill up with Purol Pep-You'll find it gives what you're looking for these days -- most value for your money
